

RX-W22

A smart 22" widescreen surveillance display with hard glass protection and Anti-Burn-in™ technology designed specifically for advanced security environments.

The RX-W22 redefines the security display with the convenience and cost-competitiveness of the widescreen format. Features include NeoV™ Optical Glass protection, image burn-in prevention, swift 0.8 second switching time, Mask Mode and automatic recovery of video settings after a power interruption. The VESA compatible mounts and thin profile allow for multiple displays to be installed in any surveillance configuration. Expressly designed and tested for commercial video security applications, the RX-W22 delivers the performance expected of a high-end security display.

- > 22" widescreen format
- > High 1000:1 contrast ratio
- > NeoV™ Optical Glass
- > Distinctive bezel design and durable metal casing
- > Anti-Burn-in™ technology to prevent image sticking
- > Mask Mode to reduce image distortion
- > Quick signal-switching time (≤ 0.8 sec.)
- > Real-time image display with no time lag
- > Automatic recovery of video settings after power interruptions
- > Video looping output supports auto termination
- > Supports NTSC/PAL/SECAM video systems
- > Auto-adjustment when VGA input is selected
- > Kensington® security socket
- > VESA standard wall mount

NeoV™ Optical Glass - The most trusted hard glass protection available. Only on AG Neovo displays

RX-W22
